Subject: Get the Poison out of our River

Dear Portland Harbor Cleanup Public Comments,

Dear Ms. McCarthy and Members of Congress,

The proposed cleanup of Portland Harbor is a bad deal for the public and a big win for industry. EPA's cleanup proposal tackles just 8% of a site area that is 100% toxic.

To prevent even more harm to human health and the environment a more aggressive plan is needed. On behalf of all people who rely on the river for food, recreation, employment and culture, I urge the EPA to implement a plan that:

- Moves quickly and sustainably reduces contaminants causing harm to Willamette and Columbia River resources
- Includes ongoing monitoring and cleanup upriver and downriver from the site
- Contributes to healthy fish that are safe to eat for all people
- Holds polluters accountable for creating a safer Portland Harbor

These elements get us closer to the plan our communities deserve.  
And I deserve a clean, safe Portland Harbor.

Sincerely,
